## Resources for Continuity of Learning

The [NWT Education Bulletin](#) (released March 31, 2020) developed in partnership with Northwest Territories (NWT) education bodies and the NWT Teachers' Association (NWTTA), lays out the framework for continued learning for schools and teachers across the territory.

Teachers and schools are responsible to deliver curriculum, dependent on their unique circumstances and capacity. While not all students will have computers or access to the internet it is assumed that all teachers will have access.

The following resources are recommendations to help support teachers in meeting curriculum expectations and selected learning outcomes during this time of distance learning. In some cases, teachers may choose to share the links with parents and guardians.

The recommended resources are grouped as follows:

1. Multi-Grade and Multi-Discipline Resources;
2. English Language Arts and Literacy Resources;
3. Numeracy and Math Resources;
4. Science Resources;
5. Social Studies;
6. Physical Fitness; and
7. Prince of Wales Northern Heritage Centre Resources.

Please note that some resources may require creating a user account or paid subscriptions; teachers are asked to continue to follow their education bodies protocols when creating accounts or buying subscriptions for online resources.

<b>Riddles and Open-ended Questions</b>	All grades	<p>Riddles and open-ended questions can be used for any age group. Teachers can provide a daily (or weekly) question that has multiple possible answers.</p> <p>For example: <i>"I was in my yard today and under my fence, I saw 10 animal legs. Which animals do you think might have been standing on the other side of the fence?"</i></p>	
<b>Math Walks</b>	All grades	<p>Walks can be combined with counting activities (number of vertices, number of corners).</p> <p>Teachers can suggest families go for a walk and point out the different geometric shapes (shape of a house, or of rocks or tree trunks). Suggest families explain how they know which shape it is, using its characteristics (it has 3 sides, it is curved, etc.)</p>	
<b>Card games and Board games</b>	All grades	<p>Games provide children an opportunity to develop many competencies and skills related to numeracy.</p> <p>Examples of card games include: Crazy Eights, Go Fish, Solitaire, Connect Four, Yahtzee, Jenga, Checkers, Snakes and Ladders, Tic-Tac-Toe, Quirkle or matching games.</p>

<b>Cooking</b>	All grades	Children can count or measure out ingredients, read a recipe and follow the steps in a recipe in sequence.	
<b>Circuit - Directional Language</b>	All grades	Set up a circuit using everyday objects. As students move through the circuit, they can explain what they are doing using positional language. Can also be great for use in Indigenous language.	For example: <i>"I am walking over the block, under the hockey stick, through the tunnel, etc."</i>
<b>IXL Math activity website</b>	All grades	Teachers can choose specific activities aligned with their objectives for the week and provide direct links to parents and students.	<a href="https://ca.ixl.com/">https://ca.ixl.com/</a>
<b>Building Blocks</b>	Grades JK-4	Children can create objects or patterns using a certain number of blocks (using at least 20 blocks or exactly 17), or can be asked to construct the highest possible tower and count the number of blocks in it.	
<b>Tape Shape Game</b>	Grades JK-4	Use tape to put a variety of shapes, letters and/or numbers on the floor. Have the child stand on their favorite one then give them instructions to follow that will lead them to their next destination.	For example: <i>"Bear crawl to the square."</i> <i>"Hop like a frog to the T."</i> <i>"Run to the rectangle."</i>

<b>Hunters of the Alpine Ice</b>	Grade 7	Science - Provides ideas for students to make their own atlatl (ice age hunting tool) at home.	<a href="https://www.pwnhc.ca/item/hunters-of-the-alpine-ice">https://www.pwnhc.ca/item/hunters-of-the-alpine-ice</a>
<b>Special Constables in the NWT</b>	Grades 4-12	Social Studies, ELA, and Indigenous Languages - This site shares the NWT history through the stories of the Special Constables or their descendants. Special Constables were hired to assist with dog team patrols across the length of the Arctic mainland, from Dawson City in the Yukon to York Factory on Hudson Bay.	<a href="https://www.nwtexhibits.ca/specials/en/chapter-1.html">https://www.nwtexhibits.ca/specials/en/chapter-1.html</a>
<b>Yamoria, The One Who Travels</b>	Grades 4-12	Social Studies, ELA, Northern Studies and Indigenous Languages - All Dene groups recount stories of this legendary man, whose name translates as The One Who Travels. He is most commonly known by his Sahtu name Yamoria, but each Dene language has a different name for him. Ask families to share the stories they may know of The One Who Travels.	<a href="https://www.nwtexhibits.ca/yamoria/">https://www.nwtexhibits.ca/yamoria/</a>
